

## FIFTY ARE KILLED AND MANY INJURED IN BINGHAMTON N. Y. FACTORY FIRE

SUDDENNESS WITH WHICH FLAMES SWEEP BUILDING GIVES  
VICTIMS LITTLE CHANCE TO ESCAPE

The Killing Burst of Flame Followed Quickly Upon the Heels of the Alarm, the Fire Then Seemed to Burst from Every Part of the Four Story Building at Once and the Workers on the Top Floor Had No Alternative But to Jump to the Street Below.

BINGHAMTON, N. Y., July 22.—Fifty persons were killed according to late estimates and many injured, a dozen of them mortally in a fire which swept the four-story factory building of the Binghamton Clothing company this afternoon. The victims were chiefly women and girls. Early tonight twenty-two bodies had been recovered. In the City Hospital and in private institutions are thirty injured. Some two score of persons are known to have escaped as by a miracle, from the building which burst into flame like a tinder box and became a roaring furnace in almost no time after the first alarm was sounded. About 125 persons were in the factory when the fire broke out. Those who accounted for or most of them were believed to be in the red hot ruins of the structure.

Around the scene of the disaster, the greatest city has ever known, thousands watched the workers in the glare of three big searchlights, many in the great throng being restrained by the strongly policed lines from rushing into ruins seeking the bodies of relatives or friends.

Work to Recover Bodies.  
Water in many streams is being poured into the fiery pit that a few hours ago was the cellar of the burned establishment. As the ruins were cooled slightly from time to time in a spot upon which the streams were centered, men went forward to dig as long as human endurance would allow them to work. Occasionally a body was found and taken away immediately. Thus the work will continue until the last body is recovered.

The big outstanding fact of the catastrophe is its suddenness. The killing burst of flame followed so quickly upon the heels of the alarm that there was small opportunity for anyone to use the ordinary or even the emergency means of escape. Fire drills had been carried on regularly, so frequently in fact that the employees had found them monotonous.

Firemen Can Do Nothing.  
The building was equipped with fire escapes and an automatic alarm system. The alarm sounded at 2:30. Mrs. Reed B. Freeman wife of the proprietor telephoned to the Central Fire Station. The usual apparatus for a first still alarm responded. Another alarm was turned in from a fire four blocks away. The details of firemen going there and losing ten most precious minutes in reaching the actual scene of the fire. Nothing, however, could be done by even the first arrivals. The first puff of flame was hardly discerned before the fire leaped along the stair cases and walls, up the elevator shaft along the floors and ceiling. There was a roar, front and rear and then a deafening forth clear across Wall street on which the building fronted, withering the shade trees on the river bank and scorching the building across an alley at the rear.

After this fierce blast the fire seemed to burst from every part of the building at once. Upon the fire escapes girls, women and men were clustered and inside others were waiting to get on the iron ladders. But the flames were too quick for them.

Water Has No Effect on Fire.  
When the firemen arrived in response to the telephone alarm they were unable to get within 200 feet of the burning building and the ends of the streams from their hose were turned into steam without effect upon the fire. The life nets and extension ladders of the firemen were equally useless. There was no chance for those caught on the upper floors except the last resort to jump and this many took, while others fell, shriveled and crumpled with the heat.

Scarcely one of the survivors was able to give a connected account of what took place on the upper floors of the factory when the employees there, mostly women and girls, realized that the fire call was no false alarm and that death was sweeping them. The coolest among them recalled that women fainted by dozens and that the scene was of indescribable confusion. Some of the men employees apparently kept their heads and did their best to rescue the imperiled women.

Fire Escapes Not Large Enough.  
The fire escapes were not large enough to hold all who rushed to the exits and there was a dash for the windows, the trapped victims screaming with pain as the flames swept upon them from behind and seared their bodies. Then from windows and fire escapes the bodies began dropping. They fell thick and fast. The building was but four stories high and many who jumped even from the topmost floor escaped with their lives, although most of them were badly maimed. It was on the fourth floor that most of the women operators were working and it was among these that the loss of life and injury was greatest.

Injured Are All Cared For.  
As soon as the first of the fire victims were brought to the hospital ev-

ery one, even convalescents among the regular patients, were set to work assisting in caring for the injured. So rapidly was the work done that an hour after the fire every one of the patients there had been attended to and made as comfortable as possible. Most of them were badly burned and were swathed in bandages from head to foot. One of the most pathetic cases at the hospital is that of Miss Ruth Crotty, who is slowly dying with a broken spine. She has been in Binghamton but one week, having come here from Port Jervis with her two sisters, neither of whom, so far as can be learned, escaped from the fire.

"When I first heard the alarm of fire," Miss Crotty said, "I jumped from my chair and started for the stairs, but when I reached them they were so crowded with the other operators that I could not get down in another instant the whole story was ablaze."

Miss Crotty jumped from a window. Mary McDonough, an employee, told a simple story of escape. She was on the fourth floor when the fire broke out. The employees on that floor thought it was a fire drill at that time and marshaled in line slowly. When the flames burst upon them, many fainted and a panic ensued.

"It was all over in a flash," she said. "The first burst upon us. There was a period of great confusion. I do not know how I got to the street but think I fainted and was carried out by some one unknown to me."

Superintendent's Story.  
Vernon Wilbur, superintendent of service in the burned shop, said:

"Lynn Dibble and I ran to the fire escape and climbed up our ladder. We dropped two girls to the men below. They were standing five or six deep in each window with the flames waving directly behind them. They were mad with pain and the sound of their cries was as if the wind were howling in our ears. I jumped from the second story, sustaining a compound fracture of the leg. She also was badly scarred by the flames which burst upon her in the stairway."

"When the fire alarm was sent in," she said, "everybody thought, they were 'fooling us' because they did it two weeks ago. But when I heard everybody shouting 'fire' and saw them running I ran down the stairs. When I reached the third floor I found the stairs afire but ran quickly down them to the second floor. Here a dozen or more girls had gathered, driven back by the fire in the stairway. Everything was on fire about me and I couldn't breathe. I managed to get to a window and jumped. The next thing I knew it seemed as though the ground all about me was on fire and I would fall to death. I tried to get up but fell back when a dozen or more men rushed over, picked me up and put me in an ambulance."

Mrs. Ida Prentice did her best to get the other women employees to flee when the alarm first sounded, believing the danger great. She stayed in the burning building, directing the girls until the last minute. Then wrapping a large sheet of awning material about her she jumped from a fourth story window.

Many Burned Alive.  
"When the fire alarm sounded, the girls hesitated," said Mrs. Prentice. "I turned and called to the operators that the alarm had rung and that all must get out soon as possible. Then the flames burst upon us. I was nearly smothered and hanging to the steam pipe and barely able to make my way to the window. Here I wrapped an awning about me and jumped. Before I jumped I looked back and saw scores of girls. There must have been many left to burn alive."

Reed B. Freeman, president of the company which operated the burned factory said he was in the factory when Mrs. Prentice notified him of the fire.

"I ran out on the main floor and saw flames coming out from under the open stairway," he said. "Some of our employees are so addicted to cigarettes that smoking being forbidden in the building, they went out into the alley every hour or so for a puff. I believe one of these on returning to work threw his cigarette under the stairway." The flames he said swept through the first floor like a flash so swift that a person at the telephone trying to turn in an alarm was forced to drop the receiver and flee.

"As we ran out," continued Freeman, "the bodies of girls began to drop from the upper floor windows. They seemed more like sacks of flour than human beings. I saw three girls jump from windows."

Spreads to Federal Building.

## MULHALL RETRACTS MOST SERIOUS CHARGE

RETRACTS STATEMENT MADE REGARDING FORMER REP. WATSON

Declares Watson Was Not a Member of the House When in Employ of Private Interests—May Be Indicted For Criminal Libel.

Washington, July 22.—Martin M. Mulhall, professor of ex-lobbyist for the National Association of Manufacturers today retracted the most serious charge he has made before the senate investigating committee. He swore yesterday that former Representative James E. Watson of Indiana had been employed by private interests in 1909 while he was still a member of the house to work for a tariff commission bill. He testified that what he had sworn to yesterday was wrong, that Watson was not a member of the house at the time. Reports that Watson, who is in Washington, was about to ask the District of Columbia grand jury to indict Mulhall for criminal libel were heard about the investigating room all morning.

Just before the close of the session today the Mulhall letters began to refer to efforts to secure Cardinal Gibbons, Presiding Bishop Daniel F. Tuttle of the Episcopal church of America, Ambassador James Bryce, the late Justice Brewer, Vice-President Sherman, Senators Borah and Dooliver and other prominent men to speak in St. Louis during a course of lectures to be given by the Citizens Industrial association. Cardinal Gibbons was mentioned in several letters between Mulhall and F. C. Swedman, secretary to President VanCleave of the N. A. M.

Mulhall said the association was organized for the purpose of delivering educational lectures and keeping the side of the people interested in it before the public; that it was organized to work for legislation against labor and that it was a constituent member of the national council for industrial defense. Mulhall admitted none of those he mentioned knew the objects of the organization. One of the letters on the tariff commission bill written by M. E. Miles, a manufacturer prominent in the fight declared that Speaker Cannon was the main obstacle. In one of the letters Miles wrote that he was satisfied that if Speaker Cannon could name the personnel of the commission he would grant it instantly, "but would undoubtedly name the sort of men he packed the conference committee with, and added, that if they didn't get the commission it would be the fault of Speaker Cannon and the influence he personally stands for."

Also adding that the president will be disappointed as we I am sure he sees a dreadful party defeat and a new revision within two or three years, unless his policy now obtains, including the commission but of course he has not said this to me."

## FIELD IN WESTERN GOLF TOURNAMENT REDUCED TO 16

"Chick" Evans of the Edgewater Club Scored 73 For Total of 151, Giving Him the Gold Medal.

Chicago, July 22.—The field in the play for the western golf championship was reduced to sixteen today after a series of brilliant matches at 18 holes on the links of the Homewood Country club.

Some of the best exhibitions of the present tournament came in the second eighteen holes of the qualifying round played this morning. Honored and rested "Chick" Evans of the Edgewater club, who scored 73 for a total of 151, giving him the gold medal. The champion was closely pushed by Mason Phelps, former title holder, who counted 153 and by Warren K. Wood, with 152.

E. P. Allis, of Milwaukee, Harvard's champion, made a record of holing in one shot from a distance of 290 yards on the difficult first hole. His feat gave him front rank among the visiting players with 157 for the two days' play, but he lost a hard fought match to J. S. Thompson of St. Paul in nineteen holes.

SKOOG ELECTED COMMANDER.  
St. Paul, Minn., July 22.—Samuel Skoog, St. Paul, was elected department commander at the closing session tonight of the Minnesota United Spanish War Veterans annual convention.

George Sherman, Duluth, and C. E. Bradley, Minneapolis, were elected senior vice and junior vice department commanders respectively, and William Palmer, Winona was named department chaplain.

## AGED MAN RESCUES WIFE

Iowa City, Ia., July 22.—Charles Blow, aged 94 years, early today discovered his home on fire and his wife, aged 84, on the second floor in peril. The aged man climbed the stairway, took his wife in his arms and fighting his way through smoke and flames bore her to safety. The blazing stair case fell in with a crash just as the old man left the bottom step.

building spread to the federal building burning the roof of that structure and damaged the building of the McKellor drug company. Simon O'Neil and the Binghamton Coter car company on Water street, Christ church also was scorched. The total money damage, however, may not exceed \$100,000.

## PUBLIC DISCUSSION OF NEW INCOME TAX

Borah Begins Analysis of the Proposed Income Tax Provision

## URGE \$4,000 EXEMPTION

Senator Urges That \$3,000 Exemption Fixed by Senate Be Raised to \$4,000 as by House

## PLAN NOT APPLICABLE IN U.S.

WASHINGTON, July 22.—Public discussion of the proposed new income tax came forth for the first time in the senate today when Senator Borah began an analysis of the income tax provision of the tariff bill and a comparison of conditions in this country with those in England, France and other nations where immense revenues are obtained by direct taxation. Senator Borah declared an income tax to be an effective restraint upon the extravagances of a nation should be distributed over the national incomes, so every citizen would feel its effects. Because of the general burden of indirect taxes borne by American citizens, however, Senator Borah said this principle could not be applied in the United States. On the contrary, he urged that the \$3,000 exemption fixed by the senate committee be raised to the \$4,000 fixed by the house under the leadership of Chairman Underwood.

An Additional Burden.  
Under this income tax provision there will be no relief for those who ought to have relief," the senator said. "It will be a new source of revenue but the old sources, the indirect tariff and internal revenue taxes, will still be worked to the limit. Until there is a reduction in the revenue from these sources this would simply be an additional burden. It will be simply another means of securing revenue to gratify our scandalous desire to spend money."

Less than three per cent of the American people have incomes above \$4,000," Senator Borah said. The income tax burdens should fall upon the wealthier citizens, he said, rather than upon the poor man already paying the heavy tax through tariff and internal revenue channels. Senator Bristow interrupted to urge that the graduated tax be increased more heavily on the larger incomes. He suggested a tax such as ten per cent on incomes of \$100,000 or more.

"The time must come in this country," agreed Senator Borah, "when we can treat the expenditures and extravagances of the country upon the property of the nation. These vast fortunes have to take care of expenditures."

More than seven-eighths of the revenues of the government still would be collected through indirect taxes, the senator added, even with the new income tax in operation. Concluding his speech begun yesterday Senator Smoot devoted considerable attention to pottery tariffs which he maintained were far too low. In this connection he declared that transportation was a great problem and that there were crooked rates from England that were lower than the rate from Ohio. This brought Senator Cummins to his feet to refer to a bill introduced by him which would prohibit railroads and other carriers from fixing proportional rates on combined foreign and domestic hauls lower than domestic rates.

"Domestic producers," said Senator Cummins, "are in many instances denied adequate protection and they are compelled to pay from one-third to one-half more than their foreign rivals for transportation over their own railroads. Such a condition is absolutely indefensible. To remedy this we need extreme action which we intend to press with all possible vigor."

Senator Borah will continue his income tax speech tomorrow. The Democrats made it clear today that they do not propose to take much time for general debating confining their talk to opposition to amendments.

## PREPARED TO ACCEPT ANY AWARD MADE BY ARBITRATION BOARD

In Case of the Advance in Wages is Granted the Erie Road Will Offer the Effective Date Until January 1915.  
New York, July 22.—The Erie road informed the board of mediation and conciliation tonight that it would return to the conference of managers that is handling the Eastern railroads' side of the controversy involving the threatened strike of 8,000 trainmen and conductors. Through President F. D. Underwood it was announced that the system was prepared to accept any awards made by any of the federal arbitration board appointed under the Newlands act. However, in case the advance in wages is granted the Erie proposes to ask the men to defer the effective date until January 1915.

## CONGRESS OPPOSES BURLESON'S ORDERS

POSTMASTER GENERAL WILL APPEAR BEFORE COMMITTEE THURSDAY

Must Explain Authority For His Action in Issuing Orders Reducing Parcel Post Rates and Increasing Maximum Size of Packages to be Handled.

WASHINGTON, July 22.—Concerted opposition has developed in congress to Postmaster General Burleson's order reducing parcel post rates and increasing the maximum size of packages to be handled in the service. The order was issued Sunday, to become effective August 15, and today the senate postoffice committee requested Mr. Burleson to appear before the committee next Thursday with an explanation of the authority for his action.

When the postmaster general has been heard the committee is expected to undertake to have withdrawn before August 15, any authority he may claim congress has given him to change rates and sizes. It was contended in the committee that the proposed changes would entail an enormous loss to the government and some of the members complained strenuously that the postoffice department had failed to furnish congress with data concerning the operation of the parcel post. Apparently there was no difference of opinion in the committee as to whether the postmaster general should change the rates, Democrats and Republicans agreeing that only congress ought to have this power. Those who are supporting the postmaster general in his stand insist that the only loss imminent under the proposed changes would be to the express companies which now carry the profit-making large sized packages while the government transports the unprofitable small ones.

Department officials say the postmaster general is given ample authority for his order in the parcels post law.

Some members of the committee contend that other clauses in the bill show congress "never dreamed" the rates and sizes agreed upon by them should be lowered so quickly after the law was put into operation.

The changes ordered by the postmaster general would affect only territory within a radius of 150 miles of the point of mailing. The maximum weight of parcels would be changed from 11 to 20 pounds. The proposed reductions vary with weight of the package and distance to be carried.

## SOLDIER DISCIPLINE PREVENTS FIGHT ON I. W. W. AT COLUMBUS

Speaker Berates U. S. Army and Navy and Questions Manhood of Those Who Enter It.

Columbus, O., July 22.—Only the discipline of soldiers from the Columbus barracks tonight prevented a free-for-all fight between Industrial Workers of the World, the police, soldiers and a crowd which had collected on a principal street corner to hear Martin Phelan, an Industrial Worker, speak.

Phelan berated the United States army and navy, picturing the system of enlistment as a hoax and subterfuge and questioning the manhood of those who enter it. Among his group of listeners were twenty enlisted men. While the crowd applauded approval, a young soldier was hoisted on the shoulders of his comrades and proceeded to warmly treat the army and especially the treatment accorded enlisted men in the Columbus barracks. Suddenly an automobile load of police arrived on the scene and an attempt was made to drive the soldiers away. The soldiers were about to take matters into their own hands when older enlisted men arrived and called on the men to remain calm.

The crowd then quietly dispersed.

## THE PERRY CELEBRATION.

Put-in-Bay, O., July 22.—Commodore Oliver Hazard Perry's features tonight hovered high over the reconstructed Niagara, the flagship of his fleet in the Battle of Lake Erie 100 years ago when a costly display was lighted. As the vallant sea captain's features were outlined over the Niagara the band played the Star Spangled Banner and the crowd gathered on the island for the interlake regatta and the centennial cheered lustily. Whistles shrieked and bells clanged on every craft gathered in the harbor.

## ANXIETY FELT FOR GOLCONDA RESIDENT

Golconda, Ill., July 22.—Residents of Dixon Springs near here are excited over the disappearance of C. D. Anderson, who was last seen last Thursday night on the road near a neighbor's house where he was to sleep. Mr. Anderson had \$800 with him and many persons from Dixon Springs have been searching the woods for him during the last three days. It is the theory of the police that he was killed for his money.

## TO PROTECT AMERICANS.

Washington, July 22.—To protect American citizens imperilled by the revolutionary movement in the southern Chinese provinces, Charles Williams at Peking has called upon Rear-admiral Nicholson for a guard of marines from the Asiatic squadron to Kuling in Kiang-Si province, which recently seceded. Martial law was proclaimed in Kiang-Si and Kiang-Su provinces, according to state department reports.

## POWERS FACE MOST DIFFICULT SITUATION

TURKISH REOCCUPATION OF ADRIANOPLE BRINGS DELICATE SITUATION

Diplomatic Tact is Required if Europe is Not to Be Plunged Into a General War—No Serious Fighting Reported Either at Kirk-Kilis or Adrianople.

LONDON, July 22.—The European concert is faced by the most delicate and difficult situation, requiring the exercise of the most diplomatic tact if Europe is not to be plunged into a general war by the Turkish re-occupation of Adrianople and Kirk-Kilis. Bulgaria helpless, sees the fruits of her dearly won victories snatched from her and while negotiations for an armistice are proceeding in a leisurely manner at Nish, the Greeks and Servians continue to push their advantage.

The official announcement made at Constantinople today that the Turkish troops had re-occupied Adrianople created the worst possible impression in diplomatic circles and the powers immediately began an exchange of views to find the best means of checkmating Turkey's action, which is looked upon as a clear cut defiance of all Europe. The next few hours are likely to decide whether the forces hitherto unengaged shall enter the Balkan cockpit.

Asia is understood to be ready to accept the mandate of Europe to compel the porte to respect the treaty of London and the British cabinet tomorrow will consider whether this government shall consent to active intervention by Russia.

Premier Asquith's speech Monday evening was intended to warn Turkey against just such a development which would involve Russian occupation of both sides of the Bosphorus and the gripping of Constantinople both in the front and the rear.

In their advance the Servians have occupied Belogradchik, northwest of Sofia and desultory fighting continues all along the Serbian front. The Greeks, who are advancing northward from Nevrokop are meeting with stubborn resistance. The Bulgars with heavy artillery are fighting despite rear-guard actions. Both sides are reported to be losing heavily. The Greeks claim to have captured strong Bulgarian positions on the heights stretching to the north of Petchova.

In Sofia it is believed the Greeks intend to invade southern Bulgaria and occupy Philippopolis.

The Bulgarians exploded the ammunition magazines and blew up some of the government buildings before evacuating Adrianople. No serious fighting has occurred either at Adrianople or Kirk-Kilis.

## PEORIA MAN FALLS SIX STORIES TO HIS DEATH

Becomes Dizzy Looking Out of Window and Sister is Unable to Save Him.

Peoria, Ill., July 22.—While looking out of a window on the seventh floor of the Jefferson building late this afternoon, Henry Winkeke, aged 53 years, became dizzy and fell headlong to the roof of a one-story building. A sister grabbed one of his legs and he started to fall but her strength gave way before help arrived and she saw her brother fall to his death. A few minutes afterwards within thirty feet of the spot where the victim fell, Mrs. Annie C. M. Haenig, 63 years old, was found dead in her room.

## WOMEN CARRY LOCAL OPTION ELECTION

Elgin, Ill., July 22.—Effect of woman's suffrage on local option was today given its first test in Illinois at Carpentersville, a village six miles north of here the "drys" winning more decisively than they had won at the three previous local option tests in the village. The vote was 172 to 155. One hundred and fifty-one women voted. It is estimated that the "dry" women outnumbered the "wets" two to one.

Miss Alma Masters carried women voters to the polls in her automobile from early morning until the booths closed. Women representing three generations in one family voted.

At the last two local option elections in Carpentersville the drys won by one vote each time.

## WEATHER INDICATIONS AND TEMPERATURES

## DENOUNCE PRESENT MEXICAN POLICY

Senator Fall Attempts to Force Senate to Enunciate Policy of Protection

## SCORE POLICY OF DELAY

Senator Lodge Is Disappointed That Administration Has Not Inaugurated Different Policy

## NO ACTION ON RESOLUTION

WASHINGTON, July 22.—An attempt by Senator Fall of New Mexico to force the senate to enunciate a strong policy of protection for Americans in foreign countries to day precipitated a lively debate which demonstrated appreciation on the part of Senators of the gravity of the Mexican situation and the necessity for a determined stand by the United States.

Denunciation of the policy of delay on the part of the Taft administration was emphatically pronounced by Senator Fall and blamed by him for the present critical situation, which he said, could have been prevented by a sterner national policy. This declaration was approved by Senator Lodge of Massachusetts who expressed disappointment that the new president and new secretary of state had not inaugurated a different Mexican policy.

That the delicacy of the situation was keenly appreciated was evinced by the insistence of many senators led by Senator Bacon, chairman of the foreign relations committee, that any proposed pronouncement be deliberately and seriously considered before being acted upon.

Senator Fall called up his resolution which would commit the government to "full protection of the constitution rights" of American citizens in foreign countries. That the resolution was directed against Mexico Senator Bacon declared could not be concealed and in moving to refer it to the foreign relations committee he asserted that "words are very serious things some times and this is one of the times."

Senator Works of California, asserting the Fall resolution constituted a declaration that the United States was prepared to war on Mexico if Americans there were not protected, urged that no hasty action be taken.

Senator Fall, however, averred that every act of his had been prompted with the earnest desire to prevent war.

Action on the resolution to day was prevented and it went to the calendar for a future disposition.

## MORMON BLAMED FOR TROUBLE.

El Paso, Texas, July 22.—A Mormon named Jesse Williams is to blame for the situation at Madera, where the American colony is threatened with death by a Mexican bandit band," declared American Consul T. D. Edwards in Juarez to day. He had just received a report which said that Williams had led a band of cowboys against a small band of bandits who were killing cattle on the Badajoz ranch and that after he and his friends later quit the ranch and took refuge in Madera the bandits threatened the extermination of the entire colony.

"If the other Americans are harmed, W. Williams should be strung up to a telegraph pole," said the consul to day.

## Refused Communication.

San Francisco, July 22.—The American Freighter General Hubbard reported to day that while at Mazatlan, Mexico, July 7th, she was forbidden by the federal army officer in command there to communicate by wireless with Rear-Admiral Cowles, commanding the Pacific Fleet at Guaymas. He declared the Mexican general came on board and took forcible possession of the wireless room forbidding it to be used while the vessel was in port.

The Hubbard was forced to unload at Mazatlan to the loss both of her owners and the consignees.

## Will Bring Fleet Through Canal.

San Francisco, July 22.—The Evening Post prints to day an interview with Secretary Daniels of the navy department in which he is quoted as saying that he intends to bring the entire Atlantic fleet through the Panama canal as soon as the canal is opened. The reasons given that the transfer would be instructive to the fleet and would at the same time demonstrate to the Pacific states how well equipped the canal is to handle heavy emergencies duty.

The secretary is due to arrive at San Diego tonight and the interview was obtained on his train as it passed through here.

Washington, July 22.—The Gunboat Wheeling was to day ordered to Frontera, Tabasco State, Mexico, where revolutionary activity has endangered the lives and property of Americans. She will sail from Key West tomorrow morning. The Gunboat has 150 blue-jackets but no marines.

The state department had received alarming reports from Consul Lespinasse at Frontera. Americans there became apprehensive when the rebels occupied two American owned plantations and pillaged other property. The Wheeling probably

### SUSTAINS BROKEN LEG.

Daniel Overstreet Thrown by Horse Tuesday Morning—Taken To Our Savior's Hospital.

Daniel Overstreet, who is employed on the George Coombs farm on R. F. D. No. 1, was thrown and dragged by a horse on the farm Tuesday morning, sustaining a broken leg. Carrying a halter Mr. Overstreet went out to catch a horse when he was near the animal, another horse kicked the one he was trying to catch, the animal falling against Mr. Overstreet. In some way the man's leg was caught in the halter and when the horse started to run Mr. Overstreet was thrown to the ground and dragged quite a distance, the accident resulting in a compound fracture of his left leg. Dr. A. M. King was called and the patient was removed to Our Savior's hospital, where he is getting along nicely.

At a regular meeting of the Morgan County Poultry association Tuesday evening it was decided to hold an exhibit at the chautauqua, Aug. 28, 29 and 30 and to maintain headquarters on the grounds during the entire time of the festival. The chautauqua committee reported that they had failed to secure a speaker on poultry subjects for the coming event. A motion was made and carried to change the date of the annual show from the second week in January to the second week in December in order to have the poultry exhibit in conjunction with the farmers' institute.

### CHURCH EFFICIENCY CONGRESS TO BE HELD IN DAVENPORT

E. J. Meacham in City Yesterday Making Arrangement For Tour of Illinois—John H. Booth Speaks at Christian Church.

E. J. Meacham of Cincinnati was in the city Tuesday visiting Clarence L. DePew. Mr. Meacham is working in the interest of the church efficiency congress, to be held in Davenport, Iowa, November 12-20, under the direction of the Christian church. This will be one of the greatest gatherings in the interests of church efficiency ever held and many of our ablest leaders of the Disciples Brotherhood will participate in the program.

DePew, of Canton, Ohio, is president; Clarence L. DePew of this city vice-president, and John F. Houser of Davenport is secretary of the congress. The meeting here yesterday was to arrange a series of tours of the states of Minnesota, Wisconsin, Michigan, Indiana, Illinois and Iowa in the interest of the congress. Mr. DePew will have charge of these tours, and will be assisted by Law W. Crabtree and Miss Mollie Jane Reed of Cincinnati, Ohio. Mr. W. T. Fisher and P. H. Weishimer of Canton, Ohio. These tours will begin with the convention of the Illinois Christian Missionary society to be held in Jacksonville September 8-9-10-11, and close with a great rally in Chicago on November 12, with all Christian churches in Chicago participating.

#### J. H. Booth Speaks.

Those who attended services at the Christian church last Sunday enjoyed a great treat in the two masterful addresses by John H. Booth of Kansas City, associate secretary of the church extension board of the Christian church and who is one of the ablest orators of that brotherhood. In preparation for the coming state convention in September the church here is to have some of its leading platform men represent the various interests of the church.

Next Sunday I. N. McCash of Cincinnati, secretary of the American Christian Missionary Society will occupy the pulpit both morning and evening. Mr. McCash is in constant demand by state and national conventions, chautauquas, institutes etc., as he is considered one of the highest authorities on the religious conditions of this country and the work that is now being done to evangelize in the foreign settlements of our great cities. He is a very forceful and magnetic speaker. Gasper C. Garrigue of St. Louis, and J. Fred Jones of Bloomington, will be the two following speakers, preaching at both the morning and evening services. The public is most cordially invited to attend these meetings.

### MISSISSIPPI CROP OUTLOOK.

In a letter from Indianola, Miss., written last week, Wm. Walter Moore says: Crop prospects are still splendid. We had a rain on the place two weeks ago, and another, both here and there a week ago. They came at the best possible time for most of the corn, and unless something happens very soon, we ought to make three times the corn on the place than we have ever done before. All the hands have good corn. Each one of them has some good cotton too. Of course whether we make a good crop or only a poor fair one is a result of the weather in August; but the crop has such a good start that I feel sure of one thing. There are no boll weevils here yet, and if they come now they will be too late to do serious damage. They are very numerous out in the hills this year, however. It begins to look as if there were some conditions local to the delta which are unfavorable to them. Crops around Indianola suffered more from drought than around Moorhead, a good deal of the corn being ruined before rain came. It does not seem to have injured cotton, however, and prospects are bright now. One thing which is always welcome to us is that the cotton crop promises to open early. If we have a hot, dry August, the crop will be a month earlier than I have ever seen it. The only thing to worry about now is the price of cotton, and the indications are that that will be fair—if only they do not make too big a crop in Texas.

### WILL HOLD COURT IN

#### SPRINGFIELD.

Judge Owen P. Thompson will go to Springfield tomorrow and preside over the circuit court, when the case of William Sidwell against Gerhardt Ricks is called for a hearing on the motion for retrial. Sidwell is a carpenter and claims he was injured while building a staircase for the defendant and a jury awarded him \$700.

### AUTOMOBILE NOTES.

The other day in Chicago "Whitey" a bul dog that loved to sink its teeth into auto tires tried it on a machine owned by Dr. Theodore Johnson. "Whitey" was standing on the corner with his boss when along came the big car. The canine rushed out and gave one bite at the tire. The next moment the dog was sailing skyward and its boss was looking around the corner to see where he had gone. To the surprise of searches among them Klank, manager for Frank Gotch, the canine was found in the branches of a maple tree, safe and sound but mightily scared.

Miss Faye Johnson, daughter of Game Warden J. Scott Johnson of Litchfield was run down and dragged by an automobile about one hundred feet. Three gashes were cut in her scalp and she received severe bruises about her body.

Travelers throughout the country were commenting yesterday upon the excellent conditions of the roads. While in some places they are a trifle rough the general highways resemble conditions last December before the bad weather set in.

Mr. and Mrs. K. B. Randolph and children, Cloie and Helen, of St. Louis, came to the city Monday evening in their automobile and remained over night at the Dunlap. They left the city Tuesday morning.

Mr. and Mrs. W. R. Groves and two sons of Kansas City were automobile tourists who passed through the city. They arrived here Monday evening, remained over night at Dunlap hotel and left Tuesday morning.

Mr. and Mrs. McKee and party of Sioux City, Ia., were in the city Tuesday in a Haynes Model 24. They came from St. Louis and are returning home.

Mr. Thomas and party were in the city Tuesday and stopped at the O'Donnell garage. They are on their way from St. Joseph, Mo., to Cleveland, Ohio.

L. F. O'Donnell and Mr. Parsons the White Utility man of Dallas, Tex., made a business trip to Alexander yesterday in a White car.

William Mortimer and son of Woodson drove to the city Tuesday in their McFarlan 6.

Roy Robinson of Prentice was in the city yesterday in his White gas.

Mr. and Mrs. Petefish and daughter Catherine of Virginia were among the autoists in Jacksonville yesterday.

Mr. and Mrs. J. Bart Johnson and son Maurice went to Lincoln yesterday.

Mr. and Mrs. Richard McConnell were among the automobile visitors from Franklin yesterday. They drive a Ford automobile.

H. H. Allen of Winchester was in the city Tuesday in his Case automobile.

Mr. and Mrs. C. H. Branom of Medora were business visitors in the city Tuesday. They made the trip in their Studebaker.

Frank Flynn of Clements drove to the city yesterday in his Mitchell 6.

Miss Irene Oxley of Franklin was in the city Tuesday in her Mitchell.

Mrs. R. J. Hoagland drove a new Mitchell car home with her to Arenzville yesterday. She purchased the auto from George Wolke.

Mr. and Mrs. A. M. Bull of Scottsville were visitors to Jacksonville yesterday in their Hudson.

John Volsmeier of Franklin was a Jacksonville visitor yesterday in his Mitchell.

Among those who enjoyed the Jeffries concert at Nichols park Sunday night were Mr. and Mrs. W. A. Morrow, Mr. and Mrs. Charles Bennett, Mr. and Mrs. F. L. Plahn, Mr. and Mrs. Frank Merrill and Mrs. H. A. Ruyke. The cars belonged to Mr. Morrow and Mr. Bennett, and the party first went to Winchester. They enjoyed a picnic lunch at the park.

### Keep the Teeth Clean

The regular use of the tooth brush is necessary not only to the acid incrustations that eat holes in the teeth but also to sweep away the germs of diseases. Cleansing the teeth means that these dangerous germs disappear instead of being washed down the throat. Consumption, diphtheria, catarrh, tonsillitis and even appendicitis have been traced to carelessness with the teeth.

We have a very special tooth brush bargain, a 25c brush, 15c. Keep your teeth clean.

**ROBERT ARNOLD SOUGHT****ON CHARGE OF MURDER**

Claim Made He Threw Beer Bottle in Crowded Automobile—Brother Arrested as an Accomplice in Former's Escape.

Three constables and a deputy sheriff from Macoupin county were in the city Tuesday seeking Robert Arnold of that county, who is wanted on a charge of attempted murder. It is alleged that Arnold threw a beer bottle in a crowded automobile Sunday.

According to the story in circulation a constable arrested Arnold and was getting ready to take him to jail when the prisoner broke away and ran to the residence of his brother, Nobel Arnold, later escaping through a field to a road where the brother was waiting with a buggy. It is said that the men eluded their pursuers by driving through White Hall, Murrayville and Woodson and that here Robert Arnold got out and the brother returned to his home. Tuesday it is charged that Nobel came back to Woodson and brought his brother to this city, but at a late hour last night he had not been found. Nobel Arnold was arrested and placed in jail, charged with aiding his brother to escape.

**A STRONG REFERENCE.**  
A young man recently applied for  
a position with a large printing  
house, and not having a letter of  
reference, offered his bank book. It  
showed a regularity of entries of de-  
posit. It was a very strong recom-  
mendation, indicating character and  
persistence, which finally secured for  
him a good position.

### PRICES EXHIBIT MUCH IRREGULARITY

### MOVEMENT LACKS BREADTH OF PREVIOUS DAY'S TRADING.

Fairly Strong Opening Soon Gave  
Way to a General Decline—Great-  
est Gains Were Recorded Among  
the Industrials.

(By Associated Press)

New York, July 22.—During the  
greater part of today's stock market  
session prices exhibited more irregu-  
larity than at any time since the  
upward movement of last week.  
Trading frequently came to a stand-  
still and the movement lacked the  
breadth of the previous day. A fairly  
strong opening, due in part to the  
higher level quoted in London, soon  
gave away to general declines not-  
ably in New Haven. A few of the  
better known railroad issues such as  
Baltimore & Ohio the grangers and  
Canadian Pacific were consistently  
strong. Greatest gains were record-  
ed among the industrials. Republic  
steel preferred rose 8 points. Read-  
ing, United States Steel and Cana-  
dian Pacific attained their best prices  
in the final hour but realizing sales  
in the latter soon caused it to yield  
while the balance of the list receded  
fractionally. Money conditions re-  
flected greater ease and increased ac-  
tivity.

## POULTRY CULTURE.

### Climate.

Experience in practical poultry keeping indicates that a climate which corresponds most closely to the conditions out of doors in the month of June is the most favorable for the fowls. The season indicated possesses many of the favorable features of the climate of India, where our common domestic land fowls are supposed to have originated. It provides the most comfortable climate conditions for both the breeding and their application to poultry culture we shall learn that warm climate and comfortable conditions tend to prolific increase of the flocks.

In the June days the breeding stock range freely. They find the temperature equable and agreeable; green food and animal food in favorite forms are abundantly supplied by nature; the air is pure and balmy, fresh water is furnished by streams or springs. Sunshine is abundant but not excessive and shade is available. Dry soil is at hand for dust baths. There are no severe wind storms to prevent the flocks taking healthy exercise. Little if any artificial shelter is needed either by day or night. All conditions contribute to make life agreeable and conducive to productive results among the fowls. The growing chicks thrive under the favoring conditions.

Bearing in mind these congenial conditions the poultryman takes up the consideration of the actual conditions throughout the year, of any proposed location.

### Aspect and Elevation.

Aspect and elevation are to be considered. The poultry culturists in the cold northern latitudes seek to secure the full benefit of the sun's rays by selecting land somewhat elevated and sloping to the south, southeast or southwest.

### Protection From Storm.

Protection from the discomforts of sweeping winds is desired in the form of hills, forests or other natural windbreaks on the north side of the poultry plant or on the side whence come the prevailing winds of the colder seasons. Avoid the location that is frequently storm swept in autumn, winter and spring. Land fowls do not take kindly to wind, rain, snow or hail storms.

On the other hand there is sometimes danger of too little circulation of air in hot weather. Do not accept a location where the rays of the sun beat down with terrific heat in summer unrelieved by currents of morning air. A sultry dead atmosphere tends to enervate the fowls.

### Atmospheric Drainage.

The atmospheric drainage is something equally important, though not often taken into account. Shun the place where the mists, fogs and vapors settle and remain. The currents of atmospheric moisture naturally follow down the slopes of the land and come to rest in the enclosed valleys and swamps. Everyone has noticed in traveling at night on roads leading over the hills and into the valleys that the cool and often chilly, moist, heavy air settles in the low places and tends to stagnate there.

When fowls have to live too much in a stagnant air saturated or heavily laden with moisture they tend to become moribund or debilitated and readily succumb to roup or kindred diseases.

### Trees For Shelter and Shade.

Ascertain what kind of trees thrive on the place and to what extent it may be possible to utilize them in ameliorating the natural climatic conditions. They provide both shelter and shade and may be used to correct to some extent the inclemencies of the weather, especially where extreme and sudden changes in temperature are liable to occur.—H. A. McKeene, Secretary, Illinois Farmers' Institute, Springfield, Ill.

### THE RIVADAVIA TO TO BE TRIED OUT.

Boston, Mass., July 28.—When the Argentine dreadnought Rivadavia leaves Quincy next week for the Brooklyn navy yard, there to be cleaned and painted preparatory to her final trials for speed and other acceptance tests, she will at once engross the undivided attention of naval men.

Interest in the Rivadavia lies chiefly in the fact that she and her sister ship, the Morena, under construction at Camden, N. J., are the first so-called dreadnoughts to be built in the United States for a foreign country. When, three years ago, the Fore River Shipbuilding company and the New York Shipbuilding company received the contracts for building the Rivadavia and the Morena, respectively, the shipbuilders of the United States won their first important victory in bidding for the construction of warships in competition with representatives of the leading nations of the world.

By courtesy of the Navy Department of the Rivadavia will be drydocked at the Brooklyn navy yard and put in shape for her final speed trials. It is expected these trials will take place off the Maine coast week after next. The ship is required by contract to make at least 22½ knots an hour and the test prescribed for States warships.

The Rivadavia will be the equal in size and fighting strength of any battleship now afloat. She has a total displacement of 27,500 tons, is 385 feet long, 98 feet in breadth and has a normal draught of 27.6. Externally she resembles vessels of the class of which the United States battleship Arkansas is a type.

The batteries of the Argentine dreadnought will consist of twelve 12-inch guns, which constitute the main battery, twelve six inch, six of which can be fired broadside at the same time the main battery is fired twelve 4-inch guns, besides several guns of smaller calibre, and two 21-inch submerged torpedo tubes.

## ILLINOIS CONFERENCE MEETS IN SHELBYVILLE

### QUICK RELIEF FOR RHEUMATISM

George W. Koon, Lawton, Mich., says: "Dr. Detchon's Relief for Rheumatism has given my wife wonderful benefit for rheumatism. She could not lift hand or foot, and to be lifted for two months. She began the use of the remedy and improved rapidly. On Monday she could not move and on Wednesday she got up, dressed herself and walked out for breakfast." Sold by L. P. Allcott, druggist.—Adv.

### TO EXTERMINATE THE MOSQUITO.

Atlanta City, N. J., July 22.—If plans of the County Mosquito Extermination Commission are successfully carried out Atlanta City and vicinity will soon be freed from the mosquito nest which has long given the New Jersey coast an unenviable reputation. Tomorrow the commission will receive bids for the excavation of 200,000 square feet of small ditches to drain the meadows between the city and the mainland. Twenty thousand dollars will be expended in the work of draining the meadows, which are the breeding places for the mosquitoes.

### A Special "Don't"

DON'T use a cough medicine that contains opium or morphine. It may stifle the cough, but it will constipate the bowels, keep the poison in the system, and NOT cure the cold. Take Foley's Honey and Tar Compound. It contains no opiates, is soothing and healing, mildly laxative. It is a safe and reliable curative medicine. Cuy Drug Store—J. A. Obermeyer.

## CLARENCE S. WOODMAN DIES IN CHICAGO TUESDAY AFTERNOON

Brother of U. G. Woodman and Former Manager of Bakery Here Passes Away at Augustana Hospital.

U. G. Woodman received a telegram Tuesday afternoon announcing the death of his brother, Clarence S. Woodman, who passed away at the Augustana hospital in Chicago Tuesday afternoon at 2 o'clock. Mr. Woodman underwent a serious surgical operation at the hospital last week. Mr. Woodman of this city was with his brother four days, until Monday evening when his condition was somewhat improved.

Clarence S. Woodman was born in Jacksonville forty-eight years ago, a son of Mr. and Mrs. William C. Woodman. William C. Woodman came to Jacksonville in 1859 from Philadelphia and opened a dry goods store in the frame building where the Farrell bank now is. Mr. Woodman was twice married, his first wife, being a Miss Tivning, a sister of C. A. Catlin's first wife. Their children were William C., Wallace T., Angie, Thomas, Edward and another. Mrs. Woodman died about 1862. Mr. Woodman lived in the present Catlin house on West State street, then in the Gates Strawn house at the southwest corner of Church street and College avenue, and last probably in the building formerly known as the poor house on East State street. As soon as the room was finished Mr. Woodman took new quarters for his store in the Strawn building, where Obermeyer's store now is. The room was a nice one, finely fitted up and one of the most attractive in the west at that time. There James T. Kirby clerked for some years. About 1870 Mr. Woodman went out to Wichita, Kan., where with his sons he established a bank and did a large business for some time. Before leaving here Mr. Woodman married a second time and they were the parents of U. G. and Clarence Woodman. These boys were reared, partly at least, in Kansas and some years ago came back to the old town.

Clarence Woodman spent two years in Jacksonville recently managing the Woodman bakery on West State street, and for the past three years has been residing in Chicago. He is survived by his wife, one brother, U. G. Woodman of this city, his mother and one sister, Miss H. Rea Woodman, both of Poughkeepsie, N. Y. He was a member of the Masons, having joined the order in Evansville, Ind.

U. G. Woodman went to Chicago Tuesday night. Arrangements for the funeral have not been completed.

W. I. Tilton leaves Thursday for an extended stay at Manitou, Colorado. Mountain climbing will take the place of watching the score board as a recreation for awhile. At St. Louis Mr. Tilton will join a party from Cairo.

### SOCIAL EVENTS.

The Sunday school class taught by Miss Lois Hayden of the Central Christian church enjoyed a picnic supper at the lake Monday evening. The young people left for the park at 3 o'clock and were pleasantly occupied by boating, games, etc., until after 7.

Mr. and Mrs. E. A. Litter entertained a company of forty-five at a miscellaneous shower at their home in Litterberry Tuesday evening, the occasion being in honor of Mr. and Mrs. Warren Daniels, who were recently married. The guests of honor received quite a number of useful household articles which will be quite useful in fitting up their cottage. The affair was a lawn party and the lawn was very prettily decorated with Japanese lanterns. The evening was very pleasantly spent with games, contests and social conversation and prizes in the contest were awarded to Miss Evaloe Peterson and Orville Crum. At the close of a very delightful evening refreshments were served.

The members of the Sunday school of Westminster church enjoyed a picnic supper at Nichols park Tuesday evening. There was one hundred and twenty present and the outing was indeed a happy affair.

## C. L. DEGEN DROPS DEAD TUESDAY EVENING

HAD BEEN IN POOR HEALTH FOR SOME TIME.

Deceased Was Former Alderman and Retired Business Man of Jacksonville—Has Resided Here All His Life.

Charles L. Degen, a retired business man and former alderman of Jacksonville dropped dead Tuesday evening about 6:20 o'clock at the residence of Mr. and Mrs. Henry Broeker, 1416 Howe street. The news of his death spread rapidly and as Mr. Degen was a man highly respected and widely known, the entire community was shocked to learn of his demise.

Probably the last business that Mr. Degen transacted was at the office of D. E. Sweeney on North Mainville street, and he left there about 5:55 o'clock, going to the Broeker residence. Mr. and Mrs. Broeker, cousins of the deceased, were preparing to move to Springfield and as they were packing their household goods and everything in the house was in disorder, Mr. Degen went there to take them to his residence for supper. Arriving there he got out of his buggy and walked up to the porch where he sat down and asked Mr. Broeker for a glass of water. He had no sooner made the request than he fell over, having to all appearances fainted. However efforts to resuscitate him proved futile and it was soon learned that he was dead. Coroner George W. Wright was notified and an inquest will be held to day. The remains were removed to the O'Donnell undertaking establishment and last night were taken to the residence, 350 West College avenue.

Charles Lewis Degen was born in Jacksonville, September 10, 1856, a son of Mr. and Mrs. Frederick Degen, and he spent his entire life in this city. About thirty-six years ago he started in the grocery and bakery business on West State street where "Ye Old China Shop" is now located, with Michael Kelley as a partner. About two years later Mr. Degen purchased the interest of his partner and conducted the business himself for a number of years, afterward moving to the north side of the square. About a year after moving Mr. Degen's place of business was destroyed by fire, when he retired from the grocery and bakery business.

During his twenty-five years of active business life Mr. Degen, by a system of thrift and strict attention to his work acquired considerable property and although having retired from the grocery and bakery business some eleven years ago his time has been taken up in looking after his private interests. In 1886 Mr. Degen served the Third Ward as an alderman and was a former trustee of Jacksonville lodge Knights of Columbus. He was one of the oldest supreme trustees of the Catholic Knights of Illinois, in point of service, having held that office for the past twenty years. He always took an active interest in the work of that order and through his associations in the organization became widely known throughout the state. He was a member of the Catholic church. The deceased was also a member of the Red Men and of the Morgan County A. H. T. A.

Mr. Degen was possessed of a quiet and unassuming manner and that quality which enables a man to make lasting friendships. Sincerity was also a dominant quality in his character and his life was one that bore out the truth of that time honored maxim "honesty is the best policy." April 6, 1888 Mr. Degen was married to Miss Elizabeth Hofferkamp and he is survived by his wife and the following brothers and sisters: Fred J. Degen, Mrs. Mary Kumle, and Lena and Sophie Degen, all of this city. He was preceded in death by his parents and one sister, Mrs. Petrie.

Arrangements for the funeral have not been completed.

### AUTO STRIKES BUGGY.

Harness and One Wheel of Ezra Scott's Vehicle Damaged in Collision.

While driving through the State hospital grounds in his carriage, in company with three ladies recently, Ezra C. Scott was overtaken by an automobile being driven by Mr. Samples, one of the rear wheels catching in the automobile. The horse started to run and before it could be stopped one of the wheels of the vehicle was damaged, and the harness was broken. Mr. Samples stopped his machine and offered his assistance in repairing the damage and also offered to pay for the repairs. The supposition is that Mr. Samples' expense; Mr. Scott is turned out of the road when he heard the automobile approach.

### POCKET COIN CONTAINERS AT ELLIOTT STATE BANK

Do You Want to Save Money?—  
Novelty is Being Offered Free By  
Well Known Banking Institution.

The Elliott State Bank is offering free a novelty in the way of a pocket savings bank, which they call a "Pocket Coin Container" or "Coin Saving Envelop." It is substantial and convenient and of suitable size to carry in the pocket and is so arranged that when you slip in a coin it will not come out and you cannot get it out without destroying the envelop.

By a simple and easy arrangement you can also register on the outside of the envelop the amount which it contains; and there is a place for the owner's name so that if lost any one finding the envelop will know to whom it belongs. It is a very convenient and practical device and possesses advantages over the metal savings bank in that it can be carried always with you and the money is always at command in case of emergencies, as you need no key to unlock it, but you simply destroy the envelop and take out the money when you want it and another envelop can be had on application.

Call at the bank and get one of these pocket coin containers. They will doubtless prove very popular.

### WORKMAN CHOPS OFF FOREMAN'S HEAD WITH HATCHET

Foreman Fells Thomas Hutchins  
With Shovel Then Uses Hatchet—  
Believed to Have Gone Insane.

Wilkes Barre, Pa., July 22.—While stooping over arranging some levels, Thomas Hutchins, foreman of a gang of laborers laying water pipe, was decapitated today by one of the workmen, a foreigner, in Plymouth township, near here. The man knocked Hutchins unconscious with a shovel and then cut off his head with a hatchet.

Fellow countrymen attempted to lynch him but English speaking workmen prevented them.

The man arrested is believed by the police to have gone suddenly insane.

### WIFE MAKES CONFESSION

Chicago, July 22.—Mrs. David Korshak, wife of David Korshak, under indictment for arson and fugitive from justice, made a confession to day before the grand jury investigating the "arson trust" that may bring a charge of murder into the case. Investigation will be made into the death of Leopold Dryfuss, a woolen merchant, who is supposed to have committed suicide at his home after having admitted that a fire at his place of business in 1911 was incendiary.

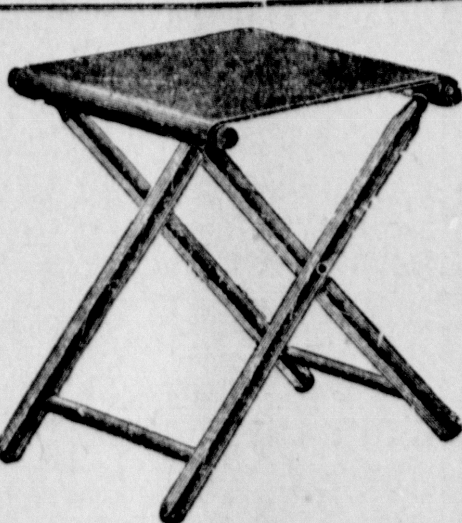

Mrs. Korshak testimony is supposed to result in at least six arson indictments. Korshak is said to be keeping a saloon in Canton, China.

### FRANKLIN CITIZENS ARRESTED ON A CHARGE OF GAMING

Were Brought to This City and Released on Bonds of \$100 Each—  
Cases Will Come up in September Term of Court.

Sheriff Rogers served papers on nine Franklin citizens Tuesday, who are to answer to a charge of gaming at the September term of court. The men arrested were J. H. Campbell, Stephen Seymour, Kennett Cline, George Vancil, Grant Tannehill, H. J. Cullum, R. A. Duncan, William Richardson and Edward Jones. There was a warrant issued for J. A. Hoots, but he could not be found yesterday.

The men were first arrested Sunday near Franklin and appeared before Squire Luttrell, each man being released on his own bond, to appear again Monday. In the meantime State's Attorney Tilton had filed information against the men for gaming and when the cases were dismissed in Squire Luttrell's court, according to arrangement, the men were re-arrested and brought to Jacksonville, where each gave bond in the sum of \$100, the bonds being signed by John Votsmeier and Isom Seymour. The arrests were made by Deputies Ben C. Andrews, Frank Todd and Eugene Ketterling.

### OMAHA LAD A SURPRISE

Omaha, July 22.—The spectators and players were given a surprise today in the play-off of the third round of the fourth national clay court tournament when J. Switzer of Omaha, a young player, forced Merrill Hall of New York, one of last year's champions in doubles, to go three sets before he won his match.

Among winners of the third round today were C. Powell, Omaha, who beat Myron Buck, Waterloo, Ia., 6-0, 6-2, and Verne Lychty, Waterloo, Ia., who defeated C. Potter, Omaha, 6-4, 8-6.

### HEARING AGAINST ALLEGED LUMBER TRUST

Minneapolis, Minn., July 22.—Denunciation of the so-called mail order houses and declarations that the Northwestern Lumbermen's association had never done anything to restrain trade, characterized the evidence offered at the hearing in the suit of the government against the alleged lumber trust today.

W. R. Wood of Parker, S. D., president of the association, was the principal witness.

### DISCOVERS NEW FIVE DOLLAR INDIAN HEAD SILVER CERTIFICATE

Chief Flynn Reports Spurious Note, Crudely Made, Which Should Not Deceive the Careful Money Handler.

Washington, July 22.—The discovery of a new counterfeit five dollar Indian head silver certificate was announced today by Chief W. J. Flynn of the United States secret service. The spurious note apparently is printed from crudely made plates of fair quality bond paper with ink lines to imitate the silk fabric of the genuine. The Indian portrait is very poor and on the back of the note grass green in color, little attempt has been made to imitate the lathework. Chief Flynn said the counterfeit should not deceive the ordinarily careful handler of money.

### DENOUNCE PRESENT MEXICAN POLICY

(CONTINUED FROM PAGE ONE)

will reach Frontera by night fall tomorrow.

The state department has received no further word from the Madero Lumber camp where alarming threats against Americans were renewed to day.

Refugees continue to flee from Mexico. The state department was advised that arrangements were complete for the embarkation of 100 indigent Americans from Tampico to day. They will be taken to Galveston, Texas.

### Greet New Minister.

Mexico City, July 22.—Thousands of students bearing Japanese flags greeted the new Japanese minister, Mineichiro Adachi, on his arrival here today in spite of the suggestion of the Japanese legation that a demonstration be prohibited. With the exception of excited remarks by some of the orators there were no anti-American utterances.

The minister in a speech from the rear of the special train expressed his appreciation and characterized Mexico and Japan as brother nations.

Strong forces of soldiers and mounted police served to counteract any tendency to disorder.

Notwithstanding the maintenance of order and the repression of cries derogatory to American the foreign residents here diplomatic as well as unofficial, regard the demonstration as anti-American, since the call for the students to assemble and greet the Japanese minister which was posted on the school bulletin boards for many days, definitely requested that the students should assemble "to express publicly friendship for Japan in the face of danger from stronger nations who are threatening Mexico's nationality."

### Greeted by Great Crowd.

The government sent to Manzanillo an official committee to welcome the minister and at Guadalajara he was greeted by a great crowd, military bands and a parade of troops and later was the guest of honor at a banquet.

The special train on which the Japanese minister traveled was elaborately decorated with Japanese and Mexican flags. During the morning hours the crowds occupied their time by parading and making friendly demonstrations in front of Japanese stores. There was considerable speech-making, the speakers urging a hearty reception for the representative of Japan and a rebuke to the United States on account of its failure to recognize the Huera administration.

On the arrival of the train so dense was the crowd and so determined were the people for a close view of the minister, that it was twenty minutes before he could emerge from his car and then only when troops had cleared the way. In his address he said he was agreeably surprised at the manifestation of good will and appreciated the spirit which had prompted it. He referred to the fact that his country as well as Mexico had had some differences with the United States and styled Mexico and Japan brother nations.

On the minister leaving the train the crowds struggled enthusiastically for an opportunity to shake hands with him.

### Avoids Reference to Mexico.

Hampton, Ia., July 22.—In his speech here today from the chautauqua platform before several thousand people, Secretary Bryan carefully avoided any reference to Mexican affairs, but one thing concerns the secretary and that is the completion of his lecture engagements in this state in time to make a hurried trip back to Washington tomorrow night. Tomorrow afternoon Col. Bryan will speak at Adel. From there he will go to Panama for an evening lecture. At the close of which he will drive across the country to Herndon to catch a late train for Chicago. He expects to arrive in Washington Friday morning.

### WOMEN VOTERS

OUTNUMBER MEN.  
Benton, Ill., July 22.—The first local election in which women were allowed to vote resulted in an overwhelming majority for the anti-saloon forces today. The proposition defeated was a bill authorizing the issuance of dram-shop license. The ordinance was defeated by a majority of 528. Fourteen women voted in favor of the saloons and 408 women against them. The women voters outnumbered the men.
